INDIA

2019 IMPACT REPORT (6)

As another year draws to a close, I want to personally thank you for your abundant and generous love and support towards this ministry, our staff, and those we are called to serve. I am humbled to be able to serve as the director of this organization, and I pray that I am found faithful to the work we are called to.

On an exciting note, this has been the best year yet! Not only have we traveled more places and completed more projects, but we have made life long friends and partners along the way. I am always reminded that it's not about the projects...but it's always about the people. I pray that I never forget that!

Together, with your partnership, by the end of the year we'll have traveled to nine countries on three continents - some of these locations more than once! We are averaging one trip per month with no end in sight. Glory to God!

I truly appreciate you, and I'm thankful we can do this together...for the Gospel.

Chris Bond
